

SASKATCHEWAN ISHING & HUNTING & G

HUGE LAKES. TROPHY FISH.

Welcome to Saskatchewan, home to nearly 100,000 lakes and rivers, and some of the best freshwater fishing in North America. Hundreds of roadaccessible and fly-in lodges usher you into a world of pristine wilderness, clear waters and giant, record-breaking fish.

Northern pike

Big northern pike can be found throughout Saskatchewan, but in the cool northern lakes, they can grow to monster size. It is one of the fiercest and most thrilling freshwater sport fish.

Walleye

Record-size walleye have been pulled from Saskatchewan lakes. The species prefers deeper waters and can be found throughout the province.

Lake trout

The only trout species native to Saskatchewan can be found in the cool, clear and deep lakes in the northern half of the province. Saskatchewan has boasted some huge catches.

Arctic grayling Arctic grayling swim the cold, clear lakes and fast-moving streams of northern Saskatchewan. It is a

spectacular fighter, known to leap clear out of the water when hooked.

Largemouth bass Boundary Dam Reservoir, in southeast Saskatchewan, is the only place to fish for largemouth bass.

Other fishing opportunities and species are also available nearby. Other species Brown trout, rainbow trout, brook

trout, yellow perch, smallmouth bass and 61 other species of fish inhabit Saskatchewan's waters.

GAME ON

Saskatchewan's hunting grounds rate five stars for rugged wilderness and opportunities for a trophy

Big bucks

Saskatchewan produces more record-breaking white-tailed deer than anywhere else in North America. A perfect mix of genetics and habitat means that your next hunt could be one for the record books.

Black bear

Roaming the northern forests down to the southeastern parts of the province, bears up to 500 lb. appear in a wide range of colour phases.

Western moose, averaging 1,300 lb., are found in Saskatchewan's northern forests and some southern locations.

Waterfowl

Saskatchewan has one of the largest duck populations in the world. Canada geese, snow geese, sandhill cranes and other waterfowl species also nest here.

Upland game birds

Sharp-tailed grouse, ruffed grouse and Hungarian partridge can be found on Saskatchewan's southern prairies. Licensed outfitters can guide you to the exclusive hunt of your dreams.
