

AVAILABILITY NOTIFICATIONS

A STEP-BY-STEP GUIDE

If a campsite is unavailable for the dates you wish to book on parks.saskatchewan.ca, you can now sign up to receive a notification email when it becomes available. Availability notifications are sent to all customers signed up for a specific site's availability notification once a day and is booked on a first-come, first-served basis.

For example, you can create an availability notification on an unavailable campsite and five other people can do the same as well. If and when the site becomes available, you and the five other people will receive an email notification at the same time. The site can then be booked by the first person to reserve the site.

Availability notifications can be added to the following site types:

- Nightly campsites including Accessible, Double Site, Full Service, Hammock, Electric, Economy, Equestrian, and Non-Electric site types;
- Camp-Easy Tent, Yurt and Mongolian Yurt sites;
- Group campsites;
- Seasonal campsites;
- Pavilion;
- Picnic Shelters; and
- Swimming Lessons.

In this guide:

- Create an Availability Notification
- Remove an Availability Notification
- View an Availability Notification

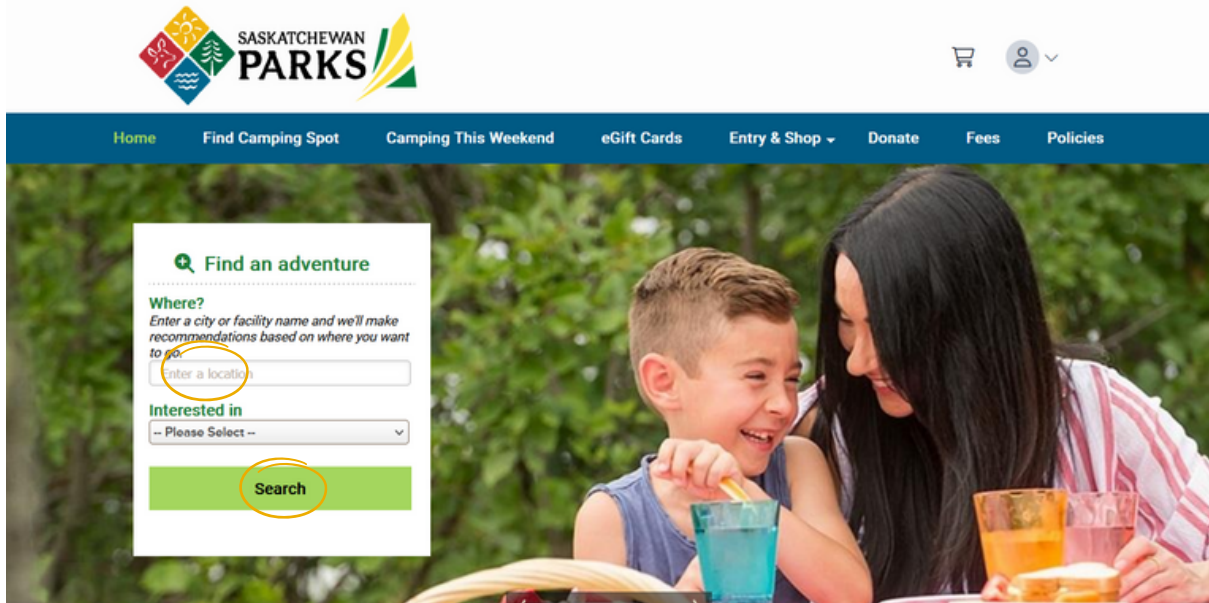

Creating an Availability Notification

To add an availability notification on a site that is not currently available, complete the following steps:

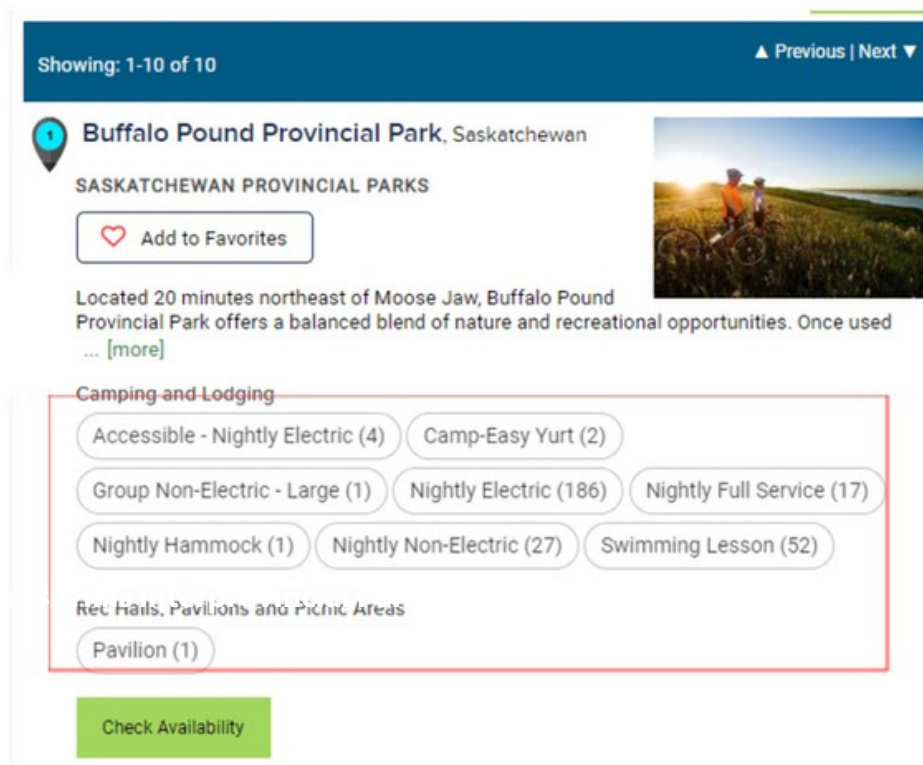

Step 1

Locate the site you are interested in by searching for the park from the HOME screen.

- Enter Park Name then click "Search".

- Click on the camping type you are interested in to locate the site.

Step 2

After locating the site, enter in the arrival date and length of stay.

- Click "Check Availability"

Buffalo Pound Provincial Park, SK

Status: Open through Tue Oct 31 2023 [Season Dates](#)
Max reservation window: Sun Feb 09 2025 [Later Dates](#)

Step 3

Click the Map icon found above the site number.

Book a Campsite at Buffalo Pound Provincial Park, SK

[Find facilities nearby](#)

The screenshot shows a search interface for Buffalo Pound Provincial Park. On the left is a 'Narrow Results' sidebar with filters for Loop/Area, Site/Activity (S23, S24), Looking for (Seasonal Camping), Maximum of 6 Occupants, Number of Occupants, Length (ft), Electric hookup (Not Required), Water hookup, Sewer hookup, and Accessible/Barrier Free. A green 'Apply Filter' button is at the bottom. The main area shows a 'Campground Map' dropdown, tabs for 'Site/Activity List' and 'Date Range Availability', and a message: '0 site(s) available out of 2 matching site(s)'. Below this is a table of 'Campsite Search Results: 1-2 of 2'. The table has columns for Site/Activity, Loop/Area, Type, Max # of people, Equip length/Driveway, Amenities, and Online availability. Two rows are shown, both for site S23 in Shady Lane B, Type: Seasonal Electric, Max # of people: 6, Equip length/Driveway: 25, Amenities: 15/30/7, and Online availability: not available. A red box highlights the 'Map' icon in the first row.

Site/Activity	Loop/Area	Type	Max # of people	Equip length/Driveway	Amenities	Online availability
S23	Shady Lane B	Seasonal Electric	6	25	15/30/7	not available
S24	Shady Lane B	Seasonal Electric	6	25	15/30/7	not available

Step 4

After clicking the Map icon, the map will expand and an option to Create Availability Notification will appear.

Click "Create Availability Notification".

The screenshot shows a map interface with a notification box for site S23. The notification box has a red border and contains the following text: 'No suitable availability shown', 'Create Availability Notification. Get email alert when there is availability. Notification sent once a day and site is reserved on a first-come, first-serve basis. You can also check back regularly for available sites.', 'Find Next Available Date', 'Show all (clear search).', and 'Search Parks Nearby for availability.'. Below the notification is a map showing site S23 with a yellow sign that says '23'. The map also shows other sites S58, S59, and S25.

Step 5

Review the details and click "Create this notification" to complete setting up your availability notification.
